AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Beadache, and Bilious Fevers, indeed for the whole class of diseases originating in billary derangement, caused by the Malaria of missmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect

use in any quantity. That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the develop ment of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever able as a stand for a Store, Distilleries, &c. yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where Fever and Ague prevails, everybody should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well ass the right. A great superjoyity of this tempoly over well ass the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinine or other injurious are left as healthy as if they had never had the disease. Fever and Ague is not alone the conseq matic poison. A great varity of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themseives of the protection this remedy affords.

ATLANTIC HOUSE. BEAUFORT, N. C. PENDER & PAGE, Proprietors.

TITHIS LARGE AND COMMODIOUS ESTABLISHMENT ▲ is now open for the reception of visitors. The House is located in the most eligible and pleasant situation for a Summer Resort in Eastern North Carolina, being immediately in front of the inlet from the Atlantic Ocean, with not the least ob-stacle to obscure the view either of "Old Ocean," Core Sound, Bogue Sound, or the Town of Beaufort. As fine FISHING GROUND as the Harbor affords is immediately in front of colorades which surround the Southern and Western portion of the building, affording to the boarders the opportunity of angling without exposure to the sun, while seated under the colorades or from their chamber

windows if they prefer, as the House is situated immediately over the water. The beautiful and varied views, presented to the visitors, from this location, are alone worth a trial of this establishment. The object of the proprietors has been to render this the most attractive resort North or South-nature and climate having been most bountiful to this favored spot, leav-

ing but little to art to improve. The proprietors have added to the establishment BATHING HOUSES, sufficiently large to swim in, and so situated that baths can be taken at any hour, for the accommodation of ladies and gentlemen, who wish to indulge in this pleasant and healthy pastime. To invalids, bathing in salt water is undoubtedly conducive to the health. Should persons prefer it, they can bathe in the ocean, serf or sound, immediately contiguous to

We have a STEAMBOAT that will always be in readiness to convey passengers from Morehead City, the terminus of the A. & N. C. Railroad, to the Atlantic House, making also daily excursions about the Harbor. A good Band of Music has been secured for the season.

November 11th, 1859-11-1y. NORTH CAROLINA INVENTION. THE SUBSCRIBER having purchased the right to manu-I facture and sell Wm. E. Wyche's Patent Ploughs in the Counties of Duplin, Onslow, New Hanover, Bladen and Brunswick, takes this method of informing the citizens that he has now, and intends keeping constantly on hand a good stock of the above named Ploughs at the following places: In Wilmington at Messrs. Alderman & Bettencourt's and at David J. Greer's Lamp Store, No. 46 Market street; in Onslow at Jacksonville, and at Mr. Southerland's Store at Richlands; in Duplin at Kenansville and Duplin Road. The original pattern which met with almost universal approbation has been remoddled, and the few slight objections

confidently offered to the public as one of the best farming utensils ever invented, without exception. All cash orders promptly attended to. J. C. MALLARD. Kenansville, Duplin Co., April-12th, 1860. Ex-President Fillmore on the State of the Country

found to exist have been removed. These Ploughs are now

and the Politics of the Day. In a letter, dated April 30th, Mr. Fillmore writes as follows: "I profess to belong to no party, but my country, and

am taking no part in politics; but, though a silent, I am by no means an indifferent spectator of passing events. On the contrary, I look with the most intense anxiety, not to say alarm, upon the present state of things. It appears to me, that he must have read history to little profit who does not see, in the growing jealousy and hatred between the North and the South, the seeds of discord and civil strife, which may end in I.L. PERSONS having claims under any of the Acts of civil war and the destruction of this government. I am sure that no one can aver that there was more hatred between Great Britain and her Colonies, ten, or even who will attend strictly to their orders, and secure their five years before our Revolution, than now exists beco. nty, Va., or Wilmington, New Hanover county, N. C., tween the North and South; and the cause, if cause there be, seems likely to endure. Demagogues, North and South, fan this flame for selfish and ambitious objects; and the great masses which are usually inert and on, where passive, are likely to be drawn into the contest and sacrificed, nolens volens. May Heaven save us, for I fear ROCKAWAYS AND BUGGIES. He is prepared at all times | we are unable or unwilling to save ourselves. We find the above going the rounds of the press. We

give it for what it is worth, as we did some time ago, a short paragraph contradicting, on the authority of the plying his new patent scroll springs, without which no Buffalo Express, a rumour that Mr. Fillmore would stump New York for the Republican candidates. The Express stated its belief that Mr. Fillmore would supmany breakings. All who want an easy riding buggy will port the Republican nominees, but would not stump for anybody. We find the following in the Baltimore Sun of yesterday. We really do not understand Mr. Fillmore's position: POLITICAL AFFAIRS .- The Buffalo Commercial Ad-

vertiser, the organ of Mr. Fillmore, after paying a handsome compliment to Bell and Everett, has raised the Lincoln and Hamlin flag, in order to defeat the demo-Meals, as they may be ordered in the spacious Refectory. crats. Is Mr. Lincoln's name Abraham or Abram ?-The papers spell it differently, even in Illinois, A republican paper has, for Vice-President, run up the name of Hamilton Hamlin. By the way, Mr. Lincoln is a N. B _Beware of Runners and Hackmen, who say very tall, thin man-six feet three inches in height.

" A Good Thing on Joe."-Joseph G. Baldwin, lately of Alabama, author of "Flush Times," &c., is now a Judge in California. His vocation required him to travel in the mines, and necessity required him to sleep with an Irishman. Says the Judge to Paddy, "You'd be a long time in Ireland before you could sleep with a Judge." Says Paddy to the Judge, "Yis and ye'd be a long time in the Ould Countree before ye'd be elected Judge."

THE PRIZE FIGHT TO BE RENEWED .- Heenan writes a letter to Wilkes' Spirit, in which he states that the fight between himself and Sayers for the so-called "Championship of England," is to be renewed, probably to furnish the same at shortest notice, at Baltimore prices, in Ireland, and that only fifty persons will be present, principals, seconds and spectators, all told-twenty-five on each side. Another sporting paper states that the day of the fight has been fixed for June 14th.
